

Application of: Euijoon Yoon et al.  
Serial No.: 10/596,126  
Amendment after Non-Final Office Action

**REMARKS**

The amendments and remarks presented herein are believed to be fully responsive to the Office Action. Claims 11, 12, 15 & 17-23 are pending, while claims 1-10 have been withdrawn and claims 13, 14 and 16 have been cancelled. Applicant has amended the Abstract herein as requested by the Examiner. Therefore, Applicant believes that the this case is in condition for allowance.

Applicant also notes that in the November 15, 2010 Office Action, the Examiner checked the box indicating that "none of the copies of the certified copies of the priority documents have been received in this National Stage application from the International Bureau (PCT Rule 17.2(a))." Applicant has already submitted a priority document before the International Bureau, and the PCT IB304 form was recorded in PAIR on May 31, 2006. Applicant is unsure why such priority documents have not been received by the Examiner in this National Stage application, as Applicant understands this process to be largely automatic.

If any issue regarding the allowability of any of the pending claims in the present application could be readily resolved, or if other action could be taken to further advance this application such as an Examiner's amendment, or if the Examiner should have any questions regarding the present amendment, it is respectfully requested that the Examiner please telephone Applicant's undersigned attorney in this regard.

Date: Dec. 17, 2010

Respectfully submitted,
